

The category 'tenant, rent at reduced price' covers households living in housing units at a reduced price, i.e. a price is below the market price (but not rent-free), and includes cases where the price reduction is granted

- (a) by law
- (b) as a result of a social housing scheme
- (c) for private reasons
- (d) by an employer

Accommodation provided rent-free: 'Accommodation provided rent-free' applies only when there is no rent to be paid, such as when the accommodation comes with the job²⁶ or is provided rent-free from a private source.

The situation when rent is recovered from housing benefit or other sources is covered in the previous category.

Note: Households who pay part rent and part mortgage for their accommodation should be classified as 'owners' if they possess a title deed.

This category covers households living in housing units rent-free, i.e. where no rent is paid, and includes cases where the free rent is granted

- (a) by law
- (b) as a result of a social housing scheme
- (c) for private reasons
- (d) by an employer

All the private households that do not live in conventional dwellings as defined in Regulation (EC) No 1201/2009³¹ are not included to no one of the modalities.

According to standardised variables the recommended question are:
"Does your household own this housing unit or do you rent it?",

"Do you still have to repay money from an outstanding loan or mortgage for this accommodation?" in case that the household is the owner; or by:

"Does your household rent this housing unit at market price, below market price, or use it free of charge?" in the case that the household is renting the housing unit.
