This variable refers to the main job. If multiple jobs are held or were held, the main job should be considered as the one in which the greatest number of hours are usually worked.

The person themselves should be included in the total number, as should the employer.

For the definition of ‘local unit’ see PL100: Total number of hours usually worked in second, third jobs etc., and Annex 5: The enterprise and local unit.

Suggested question:

FILTER: If PL032 = 1, go to PL130\_Q1; If PL032 not in (2, 3, 4, 5, 6, 7, 8) >> go to the next question.

PL130\_Q1: How many employees are working in the local unit where you are working (including yourself)?
